

Financial Application Consultant

Daltron is a leading provider of custom web and windows development, financial management, payroll solutions and custom database solutions in Fiji and the Pacific Region. Daltron is a fully resourced and established “end-to-end” full service provider of hardware, networking and software solutions for both private and government sectors. The company is looking for a Financial Application Consultant to meet the growing demands of our business and clientele.

- Degree in Accounting and Information Systems
- To be successful in this role you will have strong consulting and technical skills from similar roles with proven expertise in the Accounting.
- Minimum 1 year experience in implementing Financial Systems.
- Must have exceptional communication skills (written and verbal) and be able to deal with a wide range of customers.
- Must be able to work independently with minimum supervision.
- Strong negotiation skills and Presales knowledge will be well utilized in this challenging role.
- Knowledge of SQL Server and Crystal Reports will be an added advantage.
- Valid Drivers License

Remuneration of successful candidates will be commensurate with skills and experience and above industry standards.

Applications will be held in strictest confidence and will close on 14th June 2013 and should be forwarded together with relevant details to:
